SUPERMARKET

# A Better Supermarket Tray Designed For Your Store

NPX ONE Supermarket trays are recognized for their exceptional performance while integrating seamlessly into retailers' in-store merchandising system.

Manufactured to strict product specifications, NPX ONE Supermarket trays are well known for their consistent quality, color, strength, durability, tare weight and impermeability to moisture.

NPX ONE converts polystyrene foam feedstock into a finished tray 32 times its original volume, virtually turning air into a strong and efficient package.<sup>1</sup>

With a balance of design and function, NPX ONE Supermarket trays offer retailers the flexibility to select the tray style that meets your merchandising needs.

## NPX ONE Supermarket Trays Offer Retailers Flexibility and Performance

- *Improves Shelf Appeal and Protects Fresh Foods*
- *Designed to Provide Efficient, Economical In-Store Packaging System*
- *A Full Assortment of Sizes and Strengths*
